TEACHER THOUGHTS

"I wish I had been able to use Sokikom more this year. Expectations are generally low for my class with the RTI group, so we were very pleased with our results. Next year I am flipping my classroom... Sokikom is going to be an integral part of this."

When we plan our lessons, we have to have a standard lesson plan and a differentiated lesson plan that is split up for lower and advanced students. Sokikom worked perfectly for me to do this. Students were able to work at their level to master skills, and I was able to see a report of where they were at."

Mr. William Bianco - 3rd Grade
